April 20, 2015

Dear Sir/Madam:

We have noted that your email particular either is non-existent in our records or one that bounces back to us.

The age of paperless communications is upon us. Your PHA strived hard to bring you relevant information in the most efficient ways possible (website posts, emails, text messages). Opinions, comments, suggestions and reactions to governmental regulations and issues that require representations from the PHA oftentimes require that information be received in the most expedient manner for use in dialogues or assembled in an appropriate manner as support to position papers.

It is for these reasons that we request for your kind indulgence in sending us your updated email address and your contact mobile numbers.

You can email (executive.officer@pha.org.ph) or text (+639178511500) the information.

Very truly yours,

Climaco E. Caliwara
Executive Director
